*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Very little is published on the repression of dissenting historical research and political opinion in Europe. Censorship is something that happens only in Burma, China, Turkey, Egypt, and other far-away places. Censorship in Europe is simply a matter of criminal law ! The law is almost completely one-sided and the defendants are almost invariably so-called right-wingers and nationalists . In Germany, dissidents can be charged with 3 different offences: popular incitement , incitement to racial hatred , and defaming the dead . The statute of limitations is 10 years, as against 3 or 6 for most serious felonies. No transcripts are made of oral argument before the courts, and no substantive defense is possible: defendants are permitted to argue technicalities only. Lawyers guilty of defending their clients too vigorously are commonly imprisoned as well. One case, however - the records of which are reproduced here - took an unexpected turn when the wild-card defendant refused to cooperate.
