S. S. Birmingham, Salem, and Chester, having finished the work assigned to it, respectfully submits, as directed, the following report, embracing an analysis of the results obtained, together with a copy of the data recorded during the various tests made. Object and Description of Tests. III. Standardization runs. Each vessel was standardized over the Rockland measured mile course just prior to undertaking the (IV) steam-consumption tests. As will appear later, this involved standardizing the Salem on two different occasions, as two series of steam-consumption tests were carried out. In these trials, moreover, and as well as all other (V and VI) sea runs, the aim was to load each vessel so...
